

Modification: IBM @server iSeries 400 Solutions Promotion

Overview

The IBM @server iSeries 400 Solutions Promotion has been modified. Effective October 2, 2001, changes have been made to the list of qualifying software solutions.

In addition, the requirement that the qualifying solution must use at least 50% of the Commercial Processing Workload (CPW) relative performance value for the eligible hardware acquired under this promotion has been deleted. This change is effective retroactively to July 10, 2001.

All other terms and conditions remain unchanged.

This announcement supersedes United States Marketing Announcement 301-142, dated August 28, 2001, and Canadian Announcement A01-1237, dated August 28, 2001. The following revised announcement includes the above changes.

The Offer

For a limited time only, if you acquire a new eligible IBM @server iSeries 400 Model 270 or 8xx and a new qualifying software solution (software solution upgrades do not qualify), you can receive a rebate.

The rebate ranges from 5% to 15% of the purchase (invoice/bill of sale) price of the new eligible server, depending on:

- the model and processor feature purchased;
- the date of shipment from IBM; and
- the invoice/bill of sale date.

You can only qualify for one rebate for each eligible serial-numbered machine type/model acquired under this promotion.

For a list of eligible products, refer to the **Qualifying/Eligible Products** section.

Start and/or End Dates

To qualify for a rebate that is equal to 10% of the purchase price of an eligible Model 270 server or 15% of the purchase price of an eligible Model 8xx server:

- the date of shipment from IBM for the eligible server must occur on or after July 10, 2001, but no later than September 30, 2001; and
- invoices/bills of sale for the eligible server must have a date (purchase date) of on or after July 10, 2001, but no later than October 12, 2001.

To qualify for a rebate that is equal to 5% of the purchase price of an eligible Model 270 server or 10% of the purchase price of an eligible Model 8xx server:

- the date of shipment from IBM for the eligible server must occur on or after July 10, 2001, but no later than December 31, 2001; and
- invoices/bills of sale for the eligible server must have a date (purchase date) of after October 12, 2001, but no later than January 10, 2002.

Invoices/bills of sale for new qualifying software solution licenses can have a date (purchase date) that is up to 90 calendar days before or after the date of the invoice/bill of sale for the eligible server.

Additional Information/Conditions

Where is it available?

This promotion is available only in:

- The United States (including Puerto Rico)
- Canada
- Caribbean North countries

If you are a U.S. commercial, state or local government, or education customer, you can participate. If you are a U.S. federal government customer, call 800-333-6705 to determine eligibility.

This rebate is intended for use in defraying costs associated with the installation and successful use of the new solution acquired. Suggestions for use of this rebate are as follows:

- New iSeries Technology Center (iTC) classes. For more information on iTC classes visit the following Web site:

<http://ibm.com/eserver/series/education>

Some examples of available classes are:

- Connect for iSeries
- iSeries Linux Education and Services
- Web Enablement Workshop for iSeries
- iSeries Application Development with Java

- IBM Services. For more information on IBM services visit the following Web site:

<http://www.ibm.com/eserver/series/services>

Some examples are:

- iSeries Business-to-Business Opportunity Assessment
- Defining a Business-to-Business Solutions
- Getting Started with CRM Implementation
- Choosing the Right Application

- Similar iSeries education or services that are provided by an iSeries Business Partner

Model upgrades are not eligible for this promotion. Processor card swaps within the same model are not eligible for this promotion.

Only new solutions can be used to qualify for this promotion. Solutions that are moved from other servers (even if the solution is upgraded or modules are added) cannot be used as a qualifying solution.

The total amount of the invoice for the qualifying software solution must be equal to or greater than the calculated amount of the rebate. If it is not equal to or greater than the calculated rebate amount, you will receive a rebate that is equal to the qualifying software solution invoice/bill of sale amount.

You can combine this promotion with any other IBM discounts, allowances, rebates, or special bids on the eligible products for which you may qualify unless the terms and conditions of a specific special bid, promotion, or offering prohibit such combination. This promotion cannot, however, be combined with the IBM @server iSeries 400 Replacement Offering, the IBM @server iSeries 400 Replacement Promotion, the IBM @server iSeries 400 Solutions Offering, the IBM @server iSeries and J.D. Edwards Solution Rebate Offering, the @server iSeries 400 High Availability Promotion, or the IBM AS/400e™ —for Extreme Business High Availability Offering, and it does not apply to internal use or demonstration/development acquisitions.

You agree to acquire hardware products under this promotion for your own use and not for remarketing, leasing or transferring to a third party, unless you are arranging lease-back financing for the hardware products.

To receive a rebate, the completed and signed rebate request form (see attached), along with the specified documentation, must be received by the IBM Redemption Center no later than June 10, 2002.

In Canada, you are responsible for all applicable taxes such as Goods and Services Tax (GST), Quebec Sales Tax (QST), and other sales or value-added taxes which are extra.

IBM reserves the right to modify or withdraw this promotion at any time.

This promotion is subject to the terms and conditions of any applicable Agreements.

IBM e(logo)server iSeries 400 Solutions Promotion Rebate Request Form

To qualify for your rebate, you must acquire a new eligible IBM e(logo)server iSeries 400 Model 270 or 8xx and a new qualifying software solution.

The rebate ranges from 5% to 15% of the purchase (invoice/bill of sale) price of the new server, depending on:

- the model and processor feature purchased;
- date of shipment from IBM; and
- the invoice/bill of sale date.

To qualify for a rebate that is equal to 10% of the purchase price of an eligible Model 270 server or 15% of the purchase price of an eligible Model 8xx server:

- the date of shipment from IBM for the eligible server must occur on or after July 10, 2001, but no later than September 30, 2001; and
- invoices/bills of sale for the eligible server must have a date (purchase date) of on or after July 10, 2001, but no later than October 12, 2001.

To qualify for a rebate that is equal to 5% of the purchase price of an eligible Model 270 server or 10% of the purchase price of an eligible Model 8xx server:

- the date of shipment from IBM for the eligible server must occur on or after July 10, 2001, but no later than December 31, 2001; and
- invoices/bills of sale for the eligible server must have a date (purchase date) of after October 12, 2001, but no later than January 10, 2002.

Invoices/bills of sale for a new qualifying software solution license can have a date (purchase date) that is up to 90 calendar days before or after the date of the invoice/bill of sale for the eligible server.

In order to qualify for the calculated rebate amount, the total amount of the invoice for the qualifying software solution must be equal to or greater than the calculated amount of the rebate. If it is not equal to or greater than the calculated rebate amount, you will receive a rebate that is equal to the qualifying software solutions invoice/bill of sale amount.
